ALL SAVED IN RIVER CRASH—Rescue craft circle the wreckage of a Northeast airliner that crash-landed in New York's East River. All 36 persons aboard the plane were rescued.

Prison Camp Bombed, Hurricane Rages Near Scotland

MUNSAN, Korea, Jan. 15 (AP)—Communists reported today U.N. bombs killed ten Allied soldiers and wounded sixty in a Red prison camp.

A U.S. Fifth Air Force spokesman said it wasn't so. But the U.N. Command continued to investigate.

The Red report was made at Korean truce negotiations. One subcommittee argued over who was in what army. A second subcommittee got sidetracked from airfields to the North Korean birth rate.

Neither subcommittee reported any progress toward an armistice.

North Korean Maj. Gen. Lee Sung Cho said the Kangdong prison camp, holding 1,591 Republic of Korea (ROK) soldiers and one American, was bombed last night. He said names of casualties would be supplied later.

The UN. Command in Tokyo ordered a full study of air operations "to determine whether there is any truth to the communist allegations." This included flights by carrier-borne aircraft and B-29 Superforts in addition to fifth air force planes.

Many tons of coal were blown from the mine roof by the explosion, hampering rescue efforts. But mine officials indicated even immediate arrival of rescuers would have been futile, saying there was evidence all the men died immediately.

The blast occurred at the bottom of the mine, about 1½ miles down the slope from the pithead, a mine official said. Many of the miners had been pulled out before the explosion.

Fire warnings already had been put into effect. Miners reported the odor of gas yesterday morning and about 100 men were put to work erecting hardwood and concrete barriers.

Cold Due To End Salem's Spring

Salemites enjoyed a sneak preview of spring as temperatures soared to near-record highs early today in the northeast part of Ohio—but they'll have to wait a couple of months before they see the whole feature.

State Forecaster Willard Kibler pointed out that a cold air front is moving into the western part of the state and predicted that temperatures would drop below freezing throughout Ohio by tonight.

The mercury will probably drop to between 20 and 25 degrees within the Salem district with a somewhat higher reading expected in the southern part of the state.

Kibler added that a band of clouds extending from Michigan to upper Indiana is drifting eastward and may bring thunderstorms to the southeast portion of the state late today. Skies will be clearing generally tonight with dry air predominating through Wednesday.

Truck Smashes Trees After Losing Tie Rod

Billy Longenecker of Washingtonville told police that as he swerved his truck to the right at 10:30 a.m. Monday to avoid hitting a hole in E. State St. near City Hospital, the tie rod fell off his vehicle, causing it to go out of control. The vehicle left the road and struck two trees and a telephone pole.

One tree was uprooted by the impact and the front end of the truck was damaged considerably.

The tentative call for February is 90 men for physicals and 20 for induction.

58 Sent To Canton For Pre-Induction Physicals

A Christmas lull at Columbian County Draft Board 16 in Lisbon ended this morning as 58 draftees were forwarded to Canton for pre-induction physical examinations. Thirty more will go for physicals Monday and 12 more on Thursday, Jan. 24.

Twenty-five men are scheduled for induction Thursday and 13 on Friday, Jan. 25.

The tentative call for February is 90 men for physicals and 20 for induction.

Two Drivers Arrested In Road Accidents Which Injure Three

A Salem woman and two other persons were injured and two drivers were arrested as the result of three district traffic accidents Monday.

At 7:15 p.m. Monday a car driven by William E. Watkins, 31, of 489 Jennings Ave. and a truck-trailer operated by Donald Gordon, 35, of Fort Wayne, Ind., collided on Route 224, one and one-half miles east of Canfield.

Mrs. Dorothy Watkins, 31, sustained lacerations of the face, and a possible fracture of the left shoulder and was brought to Salem City Hospital where her condition is reported fairly good today.

The truck driver was arrested by state patrolmen for passing on the crest of a hill and was fined \$25 and costs by Mayor Lloyd Culier of Washingtonville.

Patrolmen reported that Alton Yeagley, 37, of RD 3, Canfield was struck by a southbound car operated by Fred Goodwin, 39, of Youngstown as he was crossing Route 62 in front of his home at 9:35 a.m. yesterday.

He was taken to Youngstown Southside Hospital with possible fractured ribs and vertebrae, abrasions of the right eye, and brush burns of the right leg.

Patrolmen said the accident was attempted to return to his home after he had crossed the highway to help a neighbor start his tractor.

Clude Keeler, 60, of Berlin Center sustained lacerations of the lips and tongue, possible fractured ribs and contusions of the chest as the result of an accident at 2:30 p.m. Monday in which his car collided head-on with a truck-trailer driven by Louis Tabacs, 38, of Middlefield, O., on Route 14, three miles north of Salem. He was brought to the Central Clinic where his condition is reported good today.

Tabacs was arrested after the mishap for driving left of center and was fined \$25 and costs by Mayor Culier of Washingtonville.

Patrol Continues War On Overloads

Continuing their crack-down on truckers violating the 25 percent load weight reduction imposed to preserve the highways in the Petersburg turnpike area, State Highway Patrolmen arrested eight more truckers on overload charges Monday.

Nationally known because of his work as chairman of the Senate's special Crime Investigating Committee last year, Kefauver has said his decision on whether to seek the democratic nomination would not be influenced by Mr. Truman's plans.

Friends of the tall, soft-spoken Tennesseean already have Kefauver-for-President groups working in most of the 48 states.

"I have not encouraged but I have not discouraged them," the Senator said.

"I thought before any decision I ought to talk with the chief executive and the head of the party," he added.

Few politicians, including Kefauver, expect any immediate word on whether President Truman will or will not be a candidate for re-election.

But the approach of primary elections and selection of delegates to the Democratic national convention, which will pick the nominee, may force Kefauver to make an early decision.

County Conservation Office Cites Progress Since 1942

THE COLUMBIANA Soil Conservation office at Lisbon prepared and signed conservation plans for 65 farms in 1951, making 567 farms enstated since the service was established here in 1942. Herman L. Reuter of near Lisbon, work unit conservationist, estimates about one-eighth of the county's farmers are participating in the program. Acreage involved totals \$1,600.

Major soil and water conservation practices applied in 1951 follow; figures in parentheses show total since 1942:

Contour farming, 46 acres (222); cover cropping, 16 acres (225); strip cropping, 1,171 acres (10,342); pasture improvement, 235 acres (3,485); pasture seedling, 326 acres (1,665); wildlife area improvement, 18 acres (18); woodland management, 116 acres (299); tree planting, 80 acres (310).

Farm ponds, 5 (23); terraces, 45 miles (34.6) field diversions, 365 miles (31.5); farm drainage, 70 acres (282); closed drains, 20,600 linear feet (196,835); prevention of fire and grazing damage, 322 acres (3,564); constructed waterways, 1.6 miles (12.28); fence row management, 0.5 miles (7.2).

James Pendry Supervisor

The county service along with similar services in Mahoning, Stark, Carroll and Jefferson Counties, forms a work group supervised by James W. Pendry of Lisbon, district conservationist.

Application for farm planning can be made at the office in the Farmers' National Bank Building in Lisbon. The only charge is an annual fee of \$2.

Reuter and his staff—a "work unit"—are employees of the U. S. Department of Agriculture and are on loan to the county to help farmers set up conservation practice.

They are under the control of a five-man board of supervisors elected by farmer-landowners.

Members of the board are Don Rupert of New Waterford, chairman; Clyde J. Freeman of Lisbon R.D. 1, vice-chairman; Arlan Weaver of East Rochester, secretary; Edwin Copeland of Millport, treasurer, and James M. Huston of East Liverpool R.D. 2.

Farms Are "Related"

Most applications to date have been from individual farmers, Reuter said. What we want now, he added, are groups of farmers whose lands adjoin.

Farms are related to each other just like fields on a farm, and a group plan will get better results quicker than the individual unit, he explained.

The office is completing plans for the annual county conservation meeting Feb. 6 in the basement of the Lisbon Methodist Church.

Pendry has two guest speakers engaged—R. C. Clark of the Ohio Bell Telephone Co. in Cleveland and Donald Herr of Hebron, a former exchange student to Brazil.

Election will be held for three seats on the board. The terms of Huston, Rupert and Copeland expire this year.

21 Planes In New Search For Freighter

SEATTLE (AP) — Twenty-one planes today were alerted for the biggest air search in the history of the North-Pacific, seeking clues to the fate of the 45-man crew of the missing freighter Pennsylvania.

Improving weather made possible the expanded air search even as the effects of recent storms cut the number of vessels plying the ocean.

Only two ships continued the hunt by sea. Last night the Canadian ocean patrol ship Stettown was released from search duties because of storm damage suffered in bucking 35-foot high waves.

Earlier yesterday the heavily loaded freighter California was ordered to stop searching because of rough seas.

JURY CONSIDERS CASE

WARREN (INS) — The case of Edward Smither, 43, of Youngstown, charged with first-degree murder of his divorced wife, will be presented to the grand jury Wednesday.

Mrs. Helen Smither, mother of six children, was shot and killed in her home last week after returning from a social event with a male friend. Smithers was divorced from his wife in December on charges of cruelty.

Salvage Crew Raising Submerged Airliner

NEW YORK (AP) — Salvage crews today raised a Northeast Airlines plane from the East River so investigators could find out why it crashed yesterday with 36 persons aboard. All were rescued.

After night-long operations, a diver succeeded in fixing a cable to the almost completely submerged plane.

The plane, on a flight from Boston to New York, plunged into the river as it was coming into LaGuardia field for a radar-directed landing in an early morning fog.

Solving A Problem

SOMETIMES in the unforeseeable future Sa-
lem's traffic congestion will be solved.

Sometime in the near future, say one
or two years, the cutoff road will be com-
pleted south of the city—thereby offering
some relief.

But in the meantime, from all indica-
tions, Salem's main street is going to be con-
tinually harassed by heavy vehicular traffic.
Salem's citizens will bear it, but not neces-
sarily grin at it.

As one of City Council's newest mem-
bers, George Bowman, Jr., points out, may-
be the best procedure is to let State Street
crumble to axle depth from the constant
pounding of an unwarranted traffic.

That might discourage transient traffic,
but it certainly wouldn't help the people of
Salem who should be given first considera-
tion in the use of their own main thorough-
fare. Merchants would probably feel the ef-
fects of a bad downtown street. Good city
streets with adequate off-street parking
areas are vital to a prosperous community
and Salem should be no exception.

Mr. Bowman, speaking through a new
Chamber of Commerce monthly bulletin,
points to the possibility of routing traffic
through Salem via Second Street and Pershing
Street; one-way traffic, and the feasibility
of railroad overpasses. An extension of
Second Street would be required.

These sound good, but as Councilman
Bowman points out, the whole situation re-
quires serious thought. Constructive criti-
cism and suggestions from townspeople are
welcomed by Council, he points out.

For The Sake Of Argument

THERE ARE times—and 1952 may be one of
them—when the same old explanations
no longer satisfy.

There even may come a time in 1952 when
some querulous citizen of the United States
wondering what his country's soldiers are do-
ing in Korea, will be given a new perspective
on that particular situation.

He may be asked to look at a map of east-
ern Asia, to fix in his mind the relationships
between Korea and Japan, between Korea and
Manchuria and between Manchuria and what-
ever plans the Soviet Union might have for
invading the Japanese Islands.

He may be urged to think about the mili-
tary problem which his government was con-
fronted with when it appeared suddenly that
the Soviet Union might control all of the Ko-
rean peninsula. The position of the United
States in the Japanese Islands would have
been untenable, if that had happened.

He may be urged to think about the mili-
tary position of the Soviet Union if the Korean
peninsula were controlled by the United
States. In that event, any Soviet plan for invad-
ing Japan would have to take into account
the possibility of a flanking attack.

If the querulous citizen had not begun to
understand by this time that more might be
at stake in Korea than generalities too woolly
to be defined, one more thing might be
pointed out.

The United States is strengthening its
northern military defenses in the Japanese
Islands, on the assumption that the threat of
attack lies chiefly in what the Soviet Union
is doing on Sakhalin, northernmost of the is-
land chain off the coast of Asia.

By this time it surely would have dawned
on the querulous citizen that parlor arguments
over Korea may not have mentioned one very
potent reason why the United States has tried
so hard with the half-hearted backing of the
United Nations to keep that strategic peninsula
from being turned into an Asiatic bastion of
the Communist conspiracy.

Canada's Seaway

THE FRANKNESS with which a quartet of
U.S. Senators presented the St. Lawrence
seaway to the Senate as a choice between do-
ing something quickly or letting Canada tackle
the project alone is likely to increase support
for the latter alternative.

Members of Congress know from years
past that doing something quickly is out of
the question. The people who do not want
the St. Lawrence seaway—the eastern rail-
roads, eastern port cities and parts of the elec-
tric power industry—have stalled it off for
one generation and are still full of resource-
fulness.

But Canada, if it decided to tackle the
project by itself, could do something quickly.
Among the quick things it could do would
be to sell bonds to U.S. investors to raise
the capital to make one of the world's most ob-
vious improvements on nature—an improve-
ment so obvious that apparently it can be un-
dertaken only by Canada, because the United
States contains too much obvious opposition
to it.

After a person has done only as he pleases
he isn't always pleased with what he has done.

Churchill Plans Speech To Congress Jan. 17

WASHINGTON

BRITISH Prime Minister Win-
ston Churchill can return to
Washington for the second stage
of his American visit a lot more
confident than he was on arrival
for his first talks with President
Truman.

American government officials
can feel that way about the re-
turn visit, too. For a lot more
seems to have been accomplished
than the conservative, carefully-
worded communiqué officially
admits.

Mr. Churchill, on his second
visit, will make an on-the-record
speech to a joint session of the
U. S. Congress Jan. 17.

That speech is reportedly wor-
rying the Prime Minister. He
plans to get back to Washington
a day ahead of time and devote
the full day, or night, to making
the address a good one.

He will have an off-the-record
luncheon with the Washington
press corps, at which he will talk
and answer questions Jan. 18.

How much more light these ses-
sions will shed on the state of
American-British relations re-
mains to be seen.

There are still a lot of details
to be swept up by the diplomatic
and military white wings. But in
addition to the points mentioned
in the official communiqué, these
further achievements might be
elaborated.

THE CHURCHILL Conservative
Party government is now
much more in accord with the
American government position
on Communist China than was the
Labor Party government of Clement
Attlee. It was the Labor govern-
ment that recognized Com-
munist China.

The Conservative position at
the time was that there should be
no recognition until the United
States and the British Com-
monwealth nations approved.

Having recognized the Chinese
Commies, the British do not feel
that they can de-recognize them,
at least for the present. They have
an alternative in withdrawing
their ambassador to Peking.
Neither step may be taken in the
immediate future. But whatever
is done will be in consultation
with the U. S. and other allied
governments, and not as an arbi-
trary British action as before.

Communist threats against
Southeast Asia are considered far
more serious than the communi-
que indicated. Reports of big
Chinese Communists buildups
around Indo-China are unveri-
fied.

Present feeling is that the
French can continue to handle
that situation.

Situations in Siam and Burma
are considered difficult. The

Playing With Dolls

By TRUMAN TWILL

THE art of puppetry, as every-
one with a television set knows,
is to make the puppet seem to have a personality of its
own.

It helps if the puppeteer is so
sly at his trick that there is no
perceptible movement of his lips
or even of the muscles in his
neck. But the main thing is the
illusion of individuality that
transforms a doll into a personal-
ity.

A good puppet act is better
than a turn between a pair of
real persons. Creating the illusion
of individuality in a bundle of
wood and cloth is a better stunt
than revealing the actual individ-
uality of living persons.

THOUGHT FOR THE DAY

Anger blows out the lamp of the
mind. In the examination of a
great important question, every
one should be serene, slow-
pulsed, and calm.—R. G. Inger-
soll.

every civilization. In no other art
of portrayal is it so easily possible
for a dominating intelligence to
control all the elements of the art
in which it finds expression.

Puppetry is vastly more than an
advance version of playing
with dolls. It is, rather, a tech-
nique of playing with people,
through the medium of dolls. All
human foibles and fears, as well as
human nobilities, can be re-
vealed by the puppeteer, with no
interference from temperament
stupidity, hypocrisy, duplicity
and baseness.

It always has fascinated its
practitioners and their audiences
for a simple and obvious reason
—the perfection of the illusion
that one personality can divide
itself and become itself and one
other, or perhaps several others.

These extensions of the original,
however, always remain under
the authority and control of
their creator. Their individuality
is not their own at all.

Among the countless millions
who have howled over the antics of
puppets, from those who depicted
Biblical scenes in the Middle
Ages to the debonair wise-crackers
of the present, there always
has run a continuous thread
of satiric understanding.

The actual puppets—the rag
dolls—were representations of
human beings who in real life
had no will of their own, though
seeming to have individual exist-
ences and characteristics. The
dolls used by the puppeteers do
not suggest real people so much
as they suggest shadow people
with no will and therefore no
life of their own.

Someone was wondering the
other night why puppetry has
been so successful both on radio
and video. The question would
be stated more accurately if it
was wondered why puppetry has been
so successful down through the
ages.

It was the historic beginning of
the theater. It has flourished in

Chivalry Is Not Dead

World War III Being Fought

By DAVID LAWRENCE

WASHINGTON

IF THE UNITED STATES gov-
ernment and its Allies were incli-
ned to express what is happen-
ing in realistic terms instead of
glossing it over in diplomatic
language, there would be a daily
"communiqué" describing World
War III, Russian style, as it is
actually going on.

For the Russians are winning
on many of the fronts.

1. Indo-China: Communist
forces approximately 200,000 in
number are mobilized for action.
The Associated Press on January
13 said:

"The Communists have made it
plain that southeast Asia is what
they really want—Indo-China,
Burma, Thailand, Malaya and In-
donesia. Control of this Asiatic
treasure house would enable
them to cripple the Western pow-
ers economically, point a sharp
spearhead toward India and the
Middle East and supply them-
selves with quantities of needed
oil and rubber."

2. Paris—torn by political strife
and with no cabinet to take the
place of the one overthrown last
week, the French government is
paralyzed. France has been beg-
ging the Western powers for help
having fought a Korea-like war
in Indo-China for several years
just as the British have had
troops in Malaya fighting a Com-
munist-backed movement there.

The Communist deputies in the
French parliament have vetoed
an advance version of playing
with dolls. It is, rather, a tech-
nique of playing with people,
through the medium of dolls. All
human foibles and fears, as well as
human nobilities, can be re-
vealed by the puppeteer, with no
interference from temperament
stupidity, hypocrisy, duplicity
and baseness.

3. WASHINGTON—the military
chiefs of the major nations with
interests in the Pacific are meet-
ing to recommend specific mea-
sures to their respective govern-
ments to deal with the situation
in southeast Asia.

4. Washington—the military
authorities here announce that
United Nations aerial losses from
all causes exceed 900 since the
war's beginning. Total casualties
of the United States—ground, sea
and air—are 103,000.

5. Korean "true" headquarters
—The Associated Press quotes
Brig. Gen. William P. Nuckles:
"We have been doing all the giv-
ing and they have been doing all the
receiving. We have made
many compromises in an effort
to make progress in the armistice
talks. They have interpreted
these compromises as weakness
and have sat back waiting for the
United Nations command to make
additional compromises. Every
major concession during the
talks has been made by the United
Nations command."

6. The Associated Press from
Washington reports the United
State as advising its Allies "that
a Korean armistice—if obtained
should be supported by an im-
piled ultimatum to the Reds. This
would put them on notice that
all-out air-sea war will be waged
against Red China if the truce is
violated by new aggression."

And what does such a "com-
muniqué" mean? It means that
the "police action" as Mr. Tru-N.

man termed it, is a full-fledged
war even though Congress never
recognized a "state of war." It
means that when the President
told the nation in his message to
Congress a few days ago that the
U.N. had turned back aggression,
it was largely wishful hoping.
For having succeeded in bogging
down a substantial number of
ground troops of the U.S., France
and Great Britain, in Korea, Indo-
China and Malaya, the Com-
munist forces are stirring up trouble
in Egypt and Iran. Their objective
is to upset governments and
get control not only in the Far
East and southeast Asia but also in
the Middle East.

Notwithstanding a course of
conciliation and some appease-
ment by the Western powers, the
Communists are on the march.
The firm measures advocated as
an alternative to the present
policies, namely activities financed
by the West to get behind the
iron curtain and stir up trouble
for the Communists, are not un-
dertaken on the scale they should
be. The firm measures of an air-
sea war and an economic blockade
against China itself, advocated
for more than a year now,
are still held in abeyance though
they had been started a year ago.

Red China would have been
weakened to such an extent as to
lose Korea from its present stale-
mate. World War III, Russian
style, is enlarging its theaters of
operation while the real aggressor—
Communist Russia—is still
permitted membership in the U.

inks, match boxes, and almost
every substance known to be
used in industry have been at one
time or another uncovered as the
cause of eczema.

There are four aims of treat-
ment: to identify the substance
which is causing the difficulty, to
take steps to avoid further con-
tact, to avoid putting things on
the skin which might make the
condition worse, and finally to
use certain ointments and lotions
which are mild and soothing, to
help relieve the inflammation and
restore the skin to normal.

Finding the cause is often required
a job. Sometimes it has required
real detective ability on the part
of the doctor.

Another difficulty in many
cases of eczema is that the patient
may have tried to treat himself
with tincture of iodine or some
other irritating substance which
has caused a new type of
irritation and conceals the nature
of the original one.

Many skin specialists feel that
self-treatment makes their job
much harder than it should be.

Gearing its program to war-time
conditions, Kiwanis, particularly the Salem club,
expects to devote much attention this year to
the

TO DEFEAT COMMUNISM IN AMERICA WE MUST UNDERSTAND AND INSIST ON A MORAL PURPOSE FOR OUR GOVERNMENT

COMMUNIST IDEAS are not wrong just because they are Communist. They are wrong because they are immoral. For a Communist government, instead of protecting the individual's rights to Life, Liberty and Property, uses its power to take away these rights.

These rights are God-given rights, given to each man with the responsibility for his own existence. Any government that fails to protect the individual's rights to Life, Liberty and Property or that sets these rights aside for any purpose, is immoral.

SO, THE PURPOSE OF A MORAL GOVERNMENT MUST BE:

"TO MAKE AND ENFORCE LAWS WHICH PROTECT EVERY INDIVIDUAL'S GOD-GIVEN LIFE, LIBERTY AND PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR GROUP - AND THESE LAWS MUST ALSO PROTECT PEOPLE FROM GOVERNMENT ITSELF."

It is this purpose that Communism denies. It is this purpose that we must understand and demand for our government if America is to be free.

Donna Kringensmith To Wed Akron Man

M. R. AND MRS. Mark Klingensmith of Sixth St., Columbus, announced the engagement and approaching marriage of their daughter, Donna Jean, to Harold Bates Jr., son of Mr. and Mrs. Harold Bates Sr., of Akron.

Open church will be observed at the wedding Thursday, January 31, at 8 p.m. in the Washingtonville Methodist Church. A reception will follow at the church.

The bride-to-be is a senior at Mount Union College, Mr. Bates is a graduate of Mt. Union College and is now with the GoodYear Tire and Rubber Co., Akron.

Wildlife Films Planned For Junior High School

William Baker, noted ornithologist and an instructor at the University of Pittsburgh will introduce this week's junior high school assembly film, "Loon's Necklace," an Encyclopedia Britannica movie shown through the courtesy of Curtice Loop, last year's spelling bee winner.

The film brings a charming Indian legend of how the loon, a water bird, received his distinguished necklace. Authentic ceremonial masks, carved by Indians of British Columbia, establish the characters of the story.

Rich color photography, delightful narration and effective background music makes this a charming film.

The second film is "Roadrunner Battles a Rattlesnake," a fight to death between a bird and a rattlesnake. The third film, "Kings of the Arctic," reveals the flight of sea lions for their mate and home. W. H. Matthews, Salem agriculturist and Superintendent E. S. Kerr will be guests. Pat Ross, 8A, will introduce Mr. Baker.

Travelers Club Meets Saturday At Hoffmans

Six couples attended the meeting Saturday of the Travelers Club in the home of Mr. and Mrs. Raymond Hoffman at 355 Union Ave. Games furnished entertainment and the hostess served refreshments.

Next meeting will be Feb. 22 at the home of Mr. and Mrs. Robert Berg of Washingtonville.

Mrs. Brown Speaks To Wesleyan Guild

Twenty-one members of the Wesleyan Service Guild of the Methodist Church met Monday at the church. Miss Jean Olenhausen presided. Devotions were in charge of Mrs. W. A. Tarleton and Mrs. Charles Wiggers.

The guest speaker was Mrs. A. R. Brown of Columbian. Her topic was "Building an Altar In Our Hearts." In her talk she brought out these points: Be kind to everyone; Have Christ in the center of your life; and have an altar in your home.

Miss Elizabeth Hartman, Director of Christian Education, discussed the proposed church remodeling plans.

Lunch was served by Evelyn Hoch, Alice Whinnery, and Mrs. John Sweet. The next meeting will be Feb. 11

Hanoverton Presbyterians Elect Officers

HANOVERTON—At a recent meeting Howard Blanchard was elected superintendent of the Presbyterian Sunday School with Paul Hays assistant.

Barbara Ritchey was named secretary and Edith Oyer, assistant. William Patterson is treasurer; Camille Kelton and Irma Guy, pianists. These officers were installed Sunday.

Under the direction of the new officers Alvan Marquis, president; Camille Kelton, secretary and Nora Marquis, treasurer, the Challenger Class of the Presbyterian Church met in the church basement Tuesday evening. A coverdish dinner preceded the business meeting.

CAPTAIN Edgar G. Price of Canton was guest speaker when the Auxiliary of the Lepine-Rush Post met Tuesday evening. Capt. Price accompanied by Cpl. Eugene Steadman, spoke on National Defense stating he was finding it hard to arouse the people to the fact that we actually have our backs against the wall and that we as civilians would soon be assigned tasks in this defense movement. Loyal Faloon of Kensington entertained with a puppet and banjo act. The business of the evening was conducted by Mrs. Gertrude Snyder. Initiation was held during the course of the evening and lunch served by Mrs. Sam Bennett and her committee.

PLEASANT Valley Chapter, Order of the Eastern Star met Thursday evening for their regular meeting. Doris Hull, the worthy matron, presided. She completed her committees for the year. Helen Bennett and her committee served lunch.

TUESDAY evening, Jan. 8 a men's chorus was formed under the direction of Rev. O. W. Grow at the Christian Church. All men interested are invited to attend the next meeting this evening.

Hanoverton Churches

The Ladies Aid of the Christian Church met Wednesday evening with Mrs. Louise Miller.

Twelve members and one guest, Mrs. Jennie Conser of Adair, were present.

Mrs. Alma Wilson the president had charge of the business meeting.

She named her committee chairmen for the year. They are:

Kitchen, Elma Ray; dining room, Elizabeth Trough and Hilda Snyder; Flower, Peggy Lindesmith; ways and means, Hannah Herron; publicity, Alta Roach. The entire membership is to work on the absentee and membership committee.

Mrs. Iva Grow led the devotionals, using as her topic "Over the New Road." Mrs. Gertrude Snyder sang "Blessed Assurance."

The next meeting will be held with Mrs. Alma Wilson with Mrs. Elizabeth Trough as leader.

LOSE UGLY FAT I did it—You can too

Mrs. Lewis Ross, 1204 Gomer Ave., Cambridge, Ohio writes: "I lost weight the safe and easy way with Rennel, and I am certainly happy over what Rennel has done for me. Using Rennel I have lost 4 inches from my waist and 5 inches from my hips. My thighs are 8 inches from my waist and 6 inches from my hips. My thanks to Rennel. I have eat plenty and lose weight with this safe, effective home recipe. Obtain liquid Rennel at your drug store, mix with grapefruit juice as directed and take two tablespoonsfuls twice a day. That's all there is to it. If reducible pounds and inches of excess fat don't interest you, consider what like magic is to the very first bottle, just return it to the manufacturer for your money back. You need never know a hungry moment while reducing with Rennel. Insist on genuine Rennel."

THE JUDGE GETS FIVE—Justice of the Peace Yates Hamm of Antioch, Calif., found these five youngsters, complete with clothing and toys, in his chambers shortly after he had fined their parents \$20 for refusing to send one of their daughters to school. Mr. and Mrs. Amos Barton told the judge they were giving him five of their nine children "to raise, feed and educate." The youngsters are: Doreen 11; John 8; Tommy 7; Cheryl 6 and Timothy 3. The Bartons' quarrel with the law began when school authorities sent an older daughter home for wearing pin curls.

59 Ohio Communities Have Trades Classes

The 59 Ohio communities offering preparatory vocational instruction in trades and industries to high school youths performed an outstanding service this past year, according to Dr. Clyde Hisong, state director of education.

Dr. Hisong said that "Of a total of 2,420 graduates 87 percent, or 2,105, were placed on jobs for which they prepared. This record is much above the national average and speaks well for the efforts of Ohio's local school administrators in providing instruction and placement service to those graduates completing a trade and industrial program prior to entering industrial employment."

Commenting further on the total program of trade and industrial education the state director of education added that 201 Ohio communities provided adult vocational classes enrolling 19,490 persons in over 69 different trades.

One or more types of trade and industrial classes for high school students was provided by 59 local boards of education and 40 different industrial occupations were taught by 373 vocational teachers to 6,227 students.

Ohio Road Problem Will Be Analyzed

COLUMBUS (AP) — The Ohio Program Commission today turned over a \$5,000,000,000 road building plan and a series of reports to its Highway Investigating Committee.

The committee will look into a muddled Ohio highway situation and report its findings to the State Legislature. Heading the committee is Dean Charles E. MacQuigg, of Ohio State University's Engineering College. Commission Chairman Roscoe R. Walcott said other investigating committee members will be named soon.

The Automotive Safety Foundation prepared the big road-building plan to bring Ohio's highways up to "tolerable standards" within 20 years. Prof. Herbert D. Simpson of Northwestern University made cost studies for the program.

The commission's highway committee recommended the reports. But a private organization, the Petroleum Industry Committee, said it could be done for less. That report also went to the Highway Investigating Committee.

The committee also received an outline of reforms suggested by Clifford W. Ozias, Columbus engineer acting as an individual; a resolution by the County Engineers Association of Ohio approving the foundation program in principle and a request for further study of the problem by the Ohio Trucking Association.

Two Children Tumble Into River; One Drowns

WARREN (AP) — Three-year-old Charles Davis and his little sister, playing along the Mahoning River Monday, tumbled over the bank.

Charles managed to get back on land, but Shirley Ann, 2, drowned.

Firemen arrived after Charles, soaking wet, ran to his home for help. The girl's body was found lodged at a dam near the Republic Steel Corp. works.

Here's what stop-start driving does to your engine:

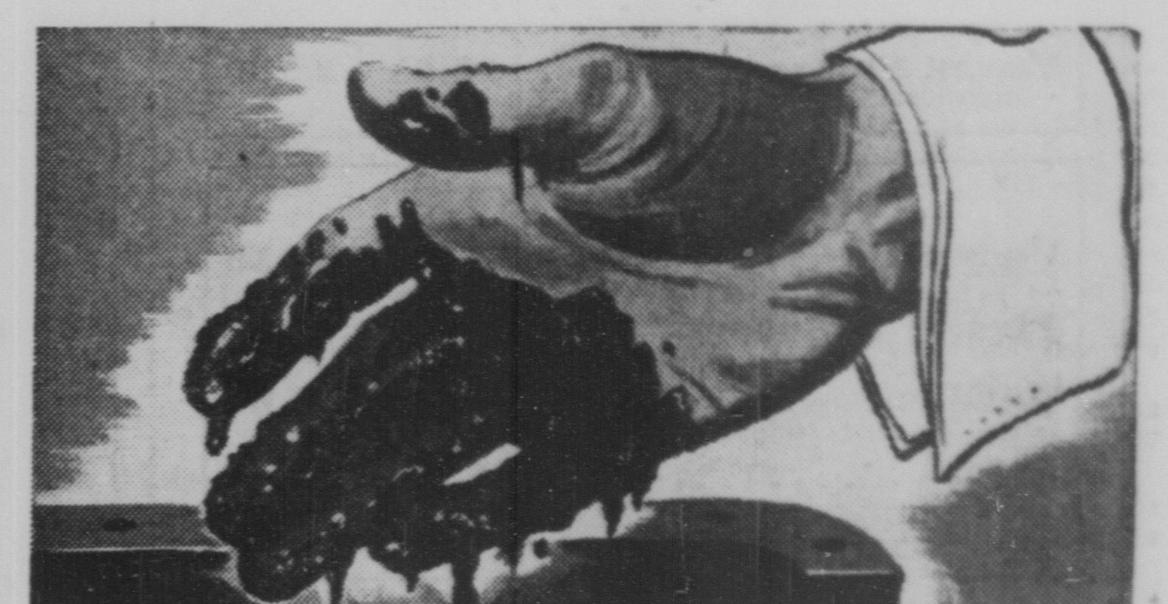

1. WHEN IT'S COLD OUTSIDE, OR ON SHORT TRIPS ANY TIME... Every day of the year your car engine manufactures as much as a gallon of water for every gallon of gasoline burned. Most of this water passes out through the exhaust pipe. Some slips past your piston rings into the crankcase.

3. CONTAMINATES YOUR OIL... This condensed water drops into your oil. Unburned fuel from extra cold-weather "choking", together with acids and other by-products of combustion enter the oil. Oil, water, acid and unburned gasoline are churned together into a thick, gummy substance called cold-sluge.

2. IT RAINS INSIDE YOUR ENGINE... High engine temperatures keep most of this "blow-by" moisture from condensing. But in winter, and on short trips, cold engines and slower driving leave the crankcase cold—ideal for condensation. When it's cold outside, it literally rains inside your crankcase!

4. AND HERE'S THE RESULT! Cold sludge plugs oil screens, piston rings and oil lines, preventing proper oil flow and lubrication. It increases oil consumption. Hurts gasoline mileage. This plus the extra wear of acid action leads to engine damage and repair bills. There's only one simple, effective solution—get the contaminated oil out of the crankcase often in winter.

P.S. If you are using new Sohio HQD motor oil, your crankcase won't have sludge that looks like this because HQD keeps the sludge-forming contaminants in harmless suspension. However in winter, even HQD will need to be drained more often, since all motor oils become contaminated faster in cold weather.

That's why...to protect your car...

Kansas Jayhawks Retain Slim College Cage Lead In AP Poll

NEW YORK, Jan. 15.—(AP)—The University of Kansas Jayhawks received one less first place vote than the University of Illinois, but still managed to retain a slim lead today as the nation's No. 1 college basketball team in the Associated Press poll.

Coach F. C. (Phog) Allen's Kansans, who won a 69-66 decision over Nebraska last night, received 22 first-place votes and 790 points in the sixth weekly balloting of sports writers and sports-casters.

Illinois, which bumped Indiana 78-66 last night, received 23 first place votes and is in the No. 2 spot with 773 points. Both of the leaders are unbeaten, Kansas having won 13 and Illinois 11 games. Last night's game had no bearing on the poll, which closed at noon yesterday. Kansas got the No. 1 place by receiving a heavier vote for second and third place. A week ago Kansas held a 38-point lead over Illinois.

KENTUCKY REMAINED in third place, but otherwise the top 10 was shaken up. Indiana skidded from the No. 4 spot to No. 14 and Seton Hall dropped from No. 9 to No. 12. Ohio State and Iowa both defeated Indiana last week, ending the Hoosier string at eight straight. Seton Hall was handed its first loss in 13 games by Siena.

Georgia was mauled by Kentucky last night, 95-55, for the Wildcats' 11th win in 13 games. Iowa, making it 11 games without loss by defeating Northwestern last night, 78-64, jumped

Louis, Two Others Await PGA Prexy

SAN DIEGO, Calif., (AP)—Action on the Professional Golfers Association "color-line" rule—termed by former heavyweight boxing champion Joe Louis as a ban on non-white players—awaited the arrival here today of PGA President Horton Smith from Pebble Beach.

Louis has challenged the controversial ruling which bars "non-Caucasian" players from participating in tournaments co-sponsored by the PGA.

He and two other Negro players came here for the PGA-sanc-tioned San Diego Open tournament, starting Thursday. The other two are Bill Spiller and Eular Clark, Los Angeles professionals.

Smith said before leaving Pebble Beach that he would take the Louis case up with the PGA national committee after conferring with local tournament officials.

Harry Pownall Rated Top Harness Racing Driver

GOSHEN, N. Y. (AP)—Harry Pownall, Brooklyn-born trainer and driver, was the leading percentage driver on harness racing's grand circuit last year, it was announced today.

The 48-year-old reinsman had a .482 average, figures compiled by the Universal Driver rating system of Saratoga Springs, N.Y., disclosed.

Pownall, who had 123 starts, won 37 races, had 36 seconds and was third seven times to de-throne Del Miller, Meadowlands, Pa., the 1950 leader. Miller, who had a .502 percentage in 1950, was second last season with a .424 average. Fran Ervin of Aiken, S. C., was third with a .411 grand circuit average.

Big Blue Holds 11-0 Record; Middies Have Ten Straight

By FRITZ HOWELL

COLUMBUS (AP)—A game worthy of the Class A high school basketball championship finals pops up Friday night on the Cincinnati Gardens.

The contest sends those two unbeaten Butler County stalwarts, Hamilton and Middletown, against each other. A crowd of 8,000 is assured, and 10,000 are expected.

Coach Warren (Porky) Scholler's Hamilton crew has won 11 in a row, and Paul Walker's Middies have copped 10 straight. Each club has an all-star cast, and each has an eye on the state champion-

HAMILTON HASN'T had too tough a time in bowling over its 11 foes, but the Middies ran into a tarter Friday night at Portsmouth. The Trojans had an 18-point edge at the end of the first quarter, 23-5, but the Middies came back to win it 62-56.

The Middies and the Big Blue aren't the only unbeaten teams left in the state, but they're two of the classiest. Others with clean records include Urbana Public 12 straight, St. Henry and Midvale 11; Dayton Kiser, Yellow Springs, Bryan and Randolph, 10; Marion St. Marys, Scio, Bremen, Cleveland Heights and Wayne (Clinton Co.) 9; Sebring and Dayton Stivers 8; Steubenville, Cleveland St. Ignatius, Dillonvale, West Carrollton 7; Cleveland Maple Heights, Dunlap, Killbuck and West Milton 6.

Once-beaten clubs include Leesville, Hollinsburg and Wayne (Montgomery Co.) 13-1; Big Prairie 10-1; Bexley, Findlay and Ashland 9-1; Columbus East (State A champion), Ashland, Seven Mile, Enon and Toledo Devilbiss 8-1; Niles 7-1, and Akron Buchtel 6-1.

MEETING DEFEAT for the first time last week were Ashland, 60-52 victim of Sandusky; Ashland, whipped 61-60 by Washington C. H.; Hollinsburg, Beilefontaine, Niles, St. Marys, Harveyburg, New London, Enon, Gilmour Academy and Greene.

And history was made as the latter pair fell. Gilmour Academy had won only four games, but was dropped by Warren St. Marys 38-35, as St. Marys won its FIRST game of the season.

The other was even more rugged. Greene had won 12 in a row, and Hartford had lost 11 straight, but Hartford was a 37-34 victor.

AROUND AND ABOUT: Robin Freeman of Cincinnati Hughes, averaging 34.8 for nine games, looks like the Class A scoring leader . . . He's only 5-1, but he got 22 points against unbeaten Hamilton — his low for the year.

Bob Ashley, Middleport's 6-4 star, is averaging 25; tanky Bevo Francis of Wellsville is over the 31 mark with 219 in seven tries; Dick Toltot of Midvale has 214 for 11 . . . Paul Hockman of Bremen scored 35 against Carroll last Friday . . . Don Allison of Chillicothe scored only 10, but they were the decisive ones in a 49-46 upset over a Dover team which had led all the way.

Top scorer around Toledo is Central's 8-4 Joe Lechak who has 176 for nine tilts . . . Bus Hugh, unbeaten Scio's 5-8 guard, made 12 of 17 shots from the field last week . . . and Bill Ross, Steubenville's 5-10 guard, contributed 18 points in the 48-46 win over East Liverpool.

JIM VEVERRA and George Gottho have scored 359 of Dillon's 548 points in eight games . . . Smallest team in Ohio probably is New Bloomington of Marion County which has Dwight Harruff, tallest at 5-8½ jumping center—the team averages 5-7 and they were the decisive ones in a 49-46 upset over a Dover team which had led all the way.

Frank Shannon's Tecumseh team over in Clark County had a big week, scoring 182 in two tilts . . . Ashland's loss to Washington C. H. was its first athletic defeat of the school year—the grid team was unbeaten in nine, and the cage team had won eight straight . . . Hamilton is pretty good, too—the Big Blue has lost only two of its last 20 grid games, and two of its last 26 cage contests.

Gordon Helvie scored 43 as Savannah beat Hayesville 80-65 . . . Poor marksmanship marked Bexley's 33-26 win over Mt. Vernon, the winners making only 13 of 54 shots from the field, and the losers 8 of 65. Centerburg's Wesley (Sock) Stopher, is another 5-8 eagle eye . . . He scored 34 against Danville last week, and had a pair of 27-point games the week before.

FISHING GROUNDS at Celilo Falls, Ore., where only Indians are allowed to fish, will soon vanish because of a congressional appropriation to begin the construction of The Dalles Power dam. The Indians have held exclusive treaty rights to fish the falls but the dam will force them out. Here the fishermen spear their catch while work on the dam goes on.

Carlsen Flayed By Crewman For Careless Seamanship

NEW YORK, (AP) — A crew vessel first cracked in a hurricane from the ill-fated freighter, Flying Enterprise, says "It was a question then and it's he cannot understand why Capt. Henrik Kurt Carlsen did not there for 28½ hours without sending for help," Clark E. Hall

yesterday told a Coast Guard investigation into the maritime accident.

The 37-year-old seaman, who comes from Ashland, Ky., said that "no one knew about the ship being cracked during that time except the Isbrandtsen (steamship company) office here in New York."

David Greene, radio officer of the Enterprise, said he sent only one message to the ship's owner the day it cracked and no other message until the next day, when the vessel listed.

Greene, of the Bronx, said he then sent an urgency message followed by a full "S.O.S." at the order of Carlsen.

Two other crew members, who testified earlier yesterday, criticized Carlsen and the Isbrandtsen Company for not heading the ship to the nearest port after the hull cracked, and for loading heavy cargo in two holds and only light cargo in the third.

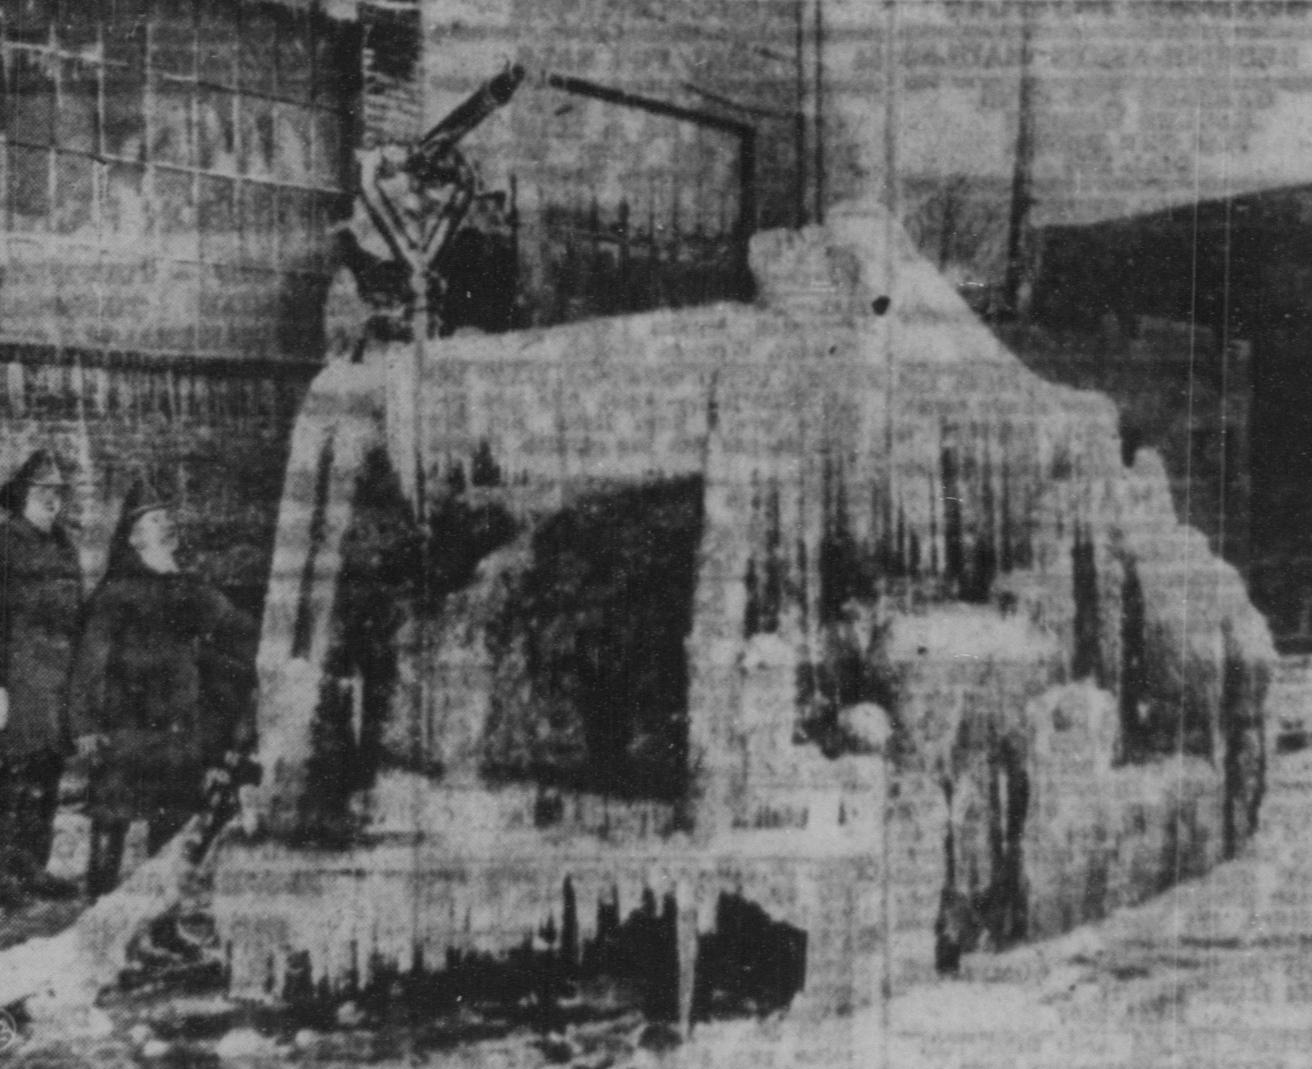

Capt. Lewis H. Shackelford, chairman of the inquiry board, said Carlsen will be called as a witness after he returns. The skipper is expected tomorrow, when he is due to receive a hero's welcome with a ticker-tape parade.

All the passengers and the crew abandoned the ship after it started listing, but Carlsen remained aboard until it sank last Friday off the English coast.

TOO MUCH HARD WATER—Two firemen battling a blaze at the Eastern Thomas Paper Company warehouse in Philadelphia, look disgustedly at a pumper that isn't pumping. Some of the water they had been pouring on the fire fell on the equipment and promptly froze. To thaw it out all they have to do is start a fire and—or is that where they came in?

Seating facilities at the high school gymnasium were doubled last week with the installation of rollaway bleachers capable of

seating 250 persons. The seating capacity of the gym is now 500 putting it on a par with any of the basketball courts in the area.

The seats were purchased from Leavitt Co., Urbana, Ill., for \$1600. The company asked \$300 for the installation but Supt. D. D. Rummel with help from Assistant Coach Joseph Bernard and Custodians Frank Vespasian and Francis Perry assembled the seats and they were used for the first time Friday evening.

Purchase of the seats was made possible through the cooperation of the Boosters Club who voted to underwrite the project and loan the Board of Education \$1,000 toward the purchase price. Lifetime season tickets for basketball games will be made available to local residents in the near future when 20 tickets will be sold for \$50 each. The Athletic Board is considering ways and means of paying for the bleacher seats.

Faces Grand Jury In Death of Son Aged 5

CADIZ (AP) — John Taylor, 36, a radio repairman, was held for next week's Harrison county grand jury on a manslaughter charge in the shooting of his five-year-old son, Jerry. His bond was set yesterday at \$2,500.

The coroner ruled the shooting at nearby Jewett Sunday was accidental homicide. Sheriff Donald Tope said Taylor, a gun collector, fired five pistol shots during an argument with his wife, and one shot ripped through a bedroom door and struck the little boy in the chest.

The Office of Price Stabilization (OPS) issued an order last night permitting brewers, wholesalers and retailers to adjust prices of all malt beverages. Tables specify the exact increases but OPS said they will average about one cent for a 12-ounce bottle or can of beer or ale.

Man Speeds To Police Station, Fined \$5

LISBON—Mayor Wilbur Warren initiated a clampdown on "hot rod" drivers Monday night, fining Ray E. Lewis of Franklin Square Rd. \$5 and costs for reckless operation. Lewis pleaded guilty.

Patrolman Roy Patterson arrested Lewis about 9 for crashing a red light at E. Lincoln Way and Jackson St. then tacked on the reckless operation charge when Lewis sped to the police cottage.

Lisbon Seeking Unpaid Fines

Local Residents Told Pay Or Face Arrest

LISBON — Village council told Mayor Wilbur Warren Monday night to crack down on local residents who have ignored parking meter tickets and follow-up letters sent out by the police department. Amnesty will be granted all except local residents, council agreed, but home folks will have to pay or face arrest warrants and fines.

About 80 per cent of the violators pay the \$1 fine records show. Under the ordinance failure to pay can result in fines up to \$100. Council also ended the period of special favors for motorists who leave coins under the windshield wiper or on the seat to take care of expired meters when patrolmen check.

Council told Mayor Warren to inform police that motorists will have to take care of the meters themselves.

First reading was given a parking ordinance calling for no parking on Jerome and Lee Streets from N. Market St. to the village limits, Stapleton's Alley from N. Market to N. Beaver Streets, and the east side of N. Market between High and Pine.

Second reading was given a pay ordinance raising Street Commissioner Howard Koffel to \$250 monthly, Street department laborers to \$1 an hour, and fixing the pay of assistant street commissioner—a new post—at \$230 per month.

Action on a request for a 17½ per cent increase on gas rates made Jan. 2 by the Natural Gas Co. of West Virginia was continued until the next meeting, Feb. 4.

J. Arch Harwood of Salem, special representative, and Kenneth Harsh of Salem, district manager conferred with council last night and will be back next month for the decision.

Solicitor Charles Pike was instructed to investigate ways to relieve Rummel's Addition residences whose deeds are drawn from a plat never dedicated. The dedicated plot shows alleys where houses now stand.

Action on the restoration of a down-in-the-mouth Civil War cannon on the square and the relocation of the water works office on the first floor of the village hall is pending committee investigation.

Hobo Poet Finds Salem Prosperous

Three sure signs that Salem is prosperous were noted by Knute Hofius, the "Hobo Poet Laureate of America" when he arrived in Salem yesterday. "The shops are advertising for workers, the city has a new jail, and the cigarette butts the smokers are throwing away are much longer than when I was here 12 years ago," he observed.

The key to his prosperity analysis was the cigarettes, he explained, and admitted he was more interested in the length of the discarded cigarettes than the number of jobs open.

Hofius, 61, has been on the road 35 years.

Hofius will speak in the Lions Club program at the Lape Hotel tonight.

He came to Salem from Lisbon where he was a "guest" of the village Sunday night in Lisbon jail. He noted with disappointment that Salem wouldn't permit him to sleep in their "nice new clean jail." He found shelter here with the Salvation Army.

The hobo, a member of the Knights of the Road, has been in every state, traveling only in the clothes he wears and carrying a scrapbook of clippings about him from throughout the country.

He said he has trouble lately getting people to listen to him "because they're always too busy trying to make money to pay taxes, something I never have to worry about."

KILLED IN COLLISION

CANTON—Crashing into the rear of a halted truck, Oscar R. Kamp, 62, of North Canton was killed on Route 8 near here last night.

**Wall Street****Stock Prices Ease On Small Volume**

NEW YORK (UPI)—Stocks eased on small volume today after four sessions of advance.

Most losses held to fractions. Exceptions, off point or more, included American Can, American Cyanamid, Dow Chemical, International Business Machines, Texas Gulf Sulphur, Cities Service, and American Viscose.

Sun Oil stood out as the strong spot with a gain of 2½ points at 91. Union Pacific had a new high and held part of a 1½ point rise. Ingersoll-Rand and Magna Copper were up a point each.

The remainder of the market drifted in a narrow area.

Quads Born To Wife Who Expected Twins

NASHVILLE, Ark. (AP)—A surpising, 38-year-old farm wife who was expecting twins gave birth to quadruplets last night.

The babies, three boys and a girl, were born to Mrs. Haggai Ponder, the mother of eight other children, at her small farm house 2½ miles north of Murfreesboro; Ark., 20 miles from Nashville.

The first child arrived at 7:10 p.m. (CST). The others followed at 7:15, 7:30 and 7:45.

Dr. M. D. Duncan, who was with Mrs. Ponder at the time, said the mother was doing nicely. Placed in incubators, the quads are doing well.

Dr. Duncan said he was just as surprised as the mother. He also was looking for twins.

Accompanied by three women neighbors, Leonard Ponder, 41, her husband, drove to a Nashville hospital with the babies.

He drove the auto; the women carried the infants.

The Ponders have been married 21 years. Their other children range in age from 2 to 18.

All were born separately.

Ohio Bell To Expand To Tune Of \$56,000,000

CLEVELAND (AP)—The Ohio Bell Telephone Co. announced today it will spend \$56,000,000 this year to expand and improve its facilities throughout the state.

Ohio Bell President Randolph Eide said the program was the second costliest in the history of the company. In 1948 more than \$58,000,000 was spent.

The gas industry is one of the oldest public utilities in the United States.

Malaya Commissioner Appointed By Britain

LONDON (AP)—Britain today named tough General Sir Gerald Templer to lead an all out drive to wipe out Communist terrorists in tin and rubber rich Malaya.

Templer, 53, was named high commissioner to Malaya with wide powers. Besides holding the normal political authority of a high commissioner, he will direct all military and police strategy against Communist terrorists.

He succeeds Sir Henry Gurney, who was ambushed and shot to death by Red raiders last October.

without food. A weasel from a utility company maintenance crew and a group of skiers reached the streamliner from Soda Springs, some 14 miles away. The weasel carried 400 pounds of food, blankets and medical supplies.

Olson said it was snowing with winds from 25 to 50 miles at the train site.

An Air Force doctor, who refused to be named, said many litter cases were on the train—most suffering from shock caused by exposure.

There were reports wood from the baggage car was being burned.

Hundreds Marooned

Hundreds of persons—travelers and residents—were marooned. Exactly how many was anybody's guess.

Communications were disrupted in many places. Some communities were cut off. Avalanches roared into canyons, killing at least three persons.

The storm's toll—in life and property damage—could not be reckoned because of poor communications. Damage was expected to run into the millions, but casualties appeared at a minimum.

A rancher was missing and feared lost. A person whose car was stalled in a snowdrift died of exertion after making his way up a steep grade on foot.

The Red Cross reported about 120 motorists were stranded by a blizzard on highway 395 northwest of Reno. They found shelter at Stead Air Force Base, now being reactivated. Only a few airmen were there and food was reported low. A Greyhound bus took 42 of the motorists to Reno.

Thirty passengers of a Greyhound bus, stranded since Friday at Lake Audra near Echo Summit on U. S. Highway 50, were reported evacuating cabins in which they had taken shelter. Continuing drifts threatened to bury the cabins.

Only one eastbound Southern Pacific train was scheduled today. The City of San Francisco was to leave by a southern route and then proceed northeastward after crossing the mountains. The eastbound overland and gold coast runs were cancelled.
